Project ☆ Comic A La Carte

The news about the 2nd MOVIE that surprised me was "Reinforce is getting a highlight!?" So, this time I thought I would highlight Reinforce. (LOL)

Sakaki Soujuurou

Miss Will of the Book of Darkness!

They used to write New Year's cards awhile back... They said things like, "I hope to talk to you soon." Even if it's just to my special person, I'd like to send one.

Hattori Masahiko

To Reach You

I was happy that Reinforce Eins got more screentime in Movie 2nd. I wanted to see more of the Yagami family's ordinary days.

Ikawa Waki

Front Cover Illustration

I got to draw an A's manga after so long. Grade schoolers are definitely the best!

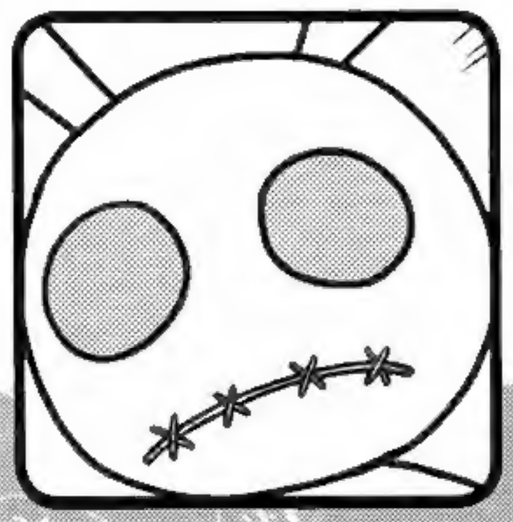
Neko Tofu

Surpassing the Wind

Thanks for your business!! This time, I was allowed to appear on the back cover. If it proves that even I can draw Eins without regret... I'll be happy.

Kawakami Shuuichi

Back Cover Illustration



At the end of 2nd A's, when I saw that there were three curse rabbits, I thought, "Why are there three now!?" and it stoked my imagination. I was happy I was able to draw something like this this time.

Tamago Ruby

Family

This time, I was given the frontispiece, a comic, and the "Project Nanoha" at the back to draw. I got to draw so many Nanoha characters. It was so much fun!

Takino Daisuke

Ghost Panic

Currently obsessed with cleaning with baking soda and a German-made sponge. I wonder if the Bannings family maid would hire me?

Tsukishima Makoto

Alisa in Wonderland

Thanks to THE MOVIE, I got to draw something about the Yagami family. I was really happy to draw my beloved Zafira and everyone else. Hooray for the Yagami family.

Meki Meki

knitted link

Alri~ght, what'll next week's Lyrical Shamal be? "Shamal Gets Her License Taken", "The Guardian Knights' Body Measurements", "Zafira's First Love?". One of those three. So Lyrical Medical, do your best!*

Wakabayashi Makoto

Proof of Journey

This time was for a Nanoha movie anthology, so I had fun thinking about drawing Nanoha and Fate being flirty.

Ryuumin

If We're Together

I'm terribly happy about being allowed to write for the long-awaited Movie A La Carte. I offer up my thanks from the bottom of heart to all you wonderful people that put up with me going wild as much as I want with the jokes.

Tukamoto Takashi

Tsuzuki-Type Nanoha

A small big sister is my favorite dish. Recently I've been living on social games, but I'm terrified of starting Nanoha Innocent, because who knows what may happen to me.

Asaeda Kazuki

For Instance, That Dream World

Sorry, I just wanted to draw Rein I's bo(censored). ...orz

Child that Only Drinks Tea

The Awakened Master Can't Sleep

I'm happy "2nd A's" gave me the opportunity to draw the "A's" scenario of Fate confiding in Lindy about "Can I really pursue my own happiness...?" that I didn't get to draw before.
